I decided to look up DR JILL BIDEN's credentials and the adulteress is not a medical doctor, not a medical assistant, nor a janitor at a medical facility. She taught English at a technical college and received a Doctor of Education in education leadership.

What kind of doctor is Jill?

Jill Biden has been a lifelong educator.

Before Joe was elected as vice president, Jill taught english for about 15 years at Delaware Technical and Community College.

In January 2007 she received a Doctor of Education (Ed.D.) in educational leadership from the University of Delaware.

So here is the team that garnished more votes than anyone in history. Biden who got his ass beat in the first three primaries and was basically broke. And Harris who had to drop out on Dec 3 as she could not raise any money or support. But TOGETHER they were able to rally and become the DREAM TEAM who got 80 million votes. This is the biggest joke of all time perpetrated on the American People.

Isn't mass murder illegal? When will they arrest Fauci?

▲ So it turns out that the person who wrote a paper on how most deaths from the 1918 influenza pandemic were actually from bacterial pneumonia caused by mask wearing is the very person who is now shilling masks for the elite who want you dead.
